Want to help at the sale and earn more?

Here are the compensation options for helping at the sale.

Option
#1

Earn an additional 10% on gross sales. This is the better option if you anticipate selling more than \$400.

Option
#2

Earn \$40 in JBF Bucks for each 4-hour shift you work. This is the better option if you anticipate selling less than \$400 and plan on shopping the sale. *If you choose this option, you will be paid out at 60% of your sales.*

The Fine Print - You can choose what option you prefer when you drop off. JBF Bucks will be available before your Presale shopping time. We will advance your JBF Bucks if you sign up for a future shift, for example: You can use your JBF Bucks to shop on Wednesday if you are signed up for a shift on Saturday. However, if you fail to show up for your shift after using your JBF Bucks, that amount will be deducted from your check.
